Profiling Fibre Pillows

Quick Specs Snapshot:

- **Fill:** Recycled high-performance fibres
- **Cover:** Repreve Our Ocean® Microfibre (made from recycled bottles, certified by OceanCycle)
- **Performance:** Profile available for every sleeping position
- **Profiles:** Low Plush, Low Support (foam core), High Plush, High Support (foam core)
- **Certifications:** Made in Australia

Product Overview:

These Sustainable Recycled Fibre Pillows combine eco-conscious design with comfort and support. Made from recycled fibre fill and encased in a Repreve Our Ocean® microfibre cover, crafted from recycled bottles, these pillows appeal to environmentally aware consumers seeking sustainable bedding solutions.

Offered in four profiles—Low Plush, Low Support (foam core), High Plush, and High Support (foam core)—they accommodate most sleep preferences and positions, providing custom comfort and optimal head and neck alignment. Durable, moisture-resistant, and easy to care for, these pillows are proudly Australian-made, reflecting high-quality craftsmanship and sustainable production standards.

Key Features:

- Made from recycled fibre fill
- Repreve Our Ocean® microfibre cover sourced from recycled bottles (OceanCycle certified)
- Four profile options: Low Plush, Low Support (foam core), High Plush, High Support (foam core)
- Foam core profiles provide added structure for head and neck alignment
- Durable, moisture-resistant, and easy-care materials
- Proudly Australian-made
