Drum & Cylinder Lifters

Our popular drum lifters are designed for ribbed 44 gallon (166L) drums and are an easy and safe way of handling these awkward items.

Advantages of Using Drum and Cylinder Lifters

Drum and cylinder lifters have become important tools across a variety of industries where there is a necessity to move these items in large numbers.

The lifter's ergonomic design allows an increase in a worker's overall output and minimises the chance of injuries involving strained muscles, as well as joint and back injuries.

Drum Lifters - Technical Data

Code	Description	WLL (kg)
DR-1	With metal head ring	500
DR-1-1	With metal head ring	1000
DR-2	With metal head ring	500
