

Custom pieces,
made for your projects.

BEDSa**HEAD**

Interior Designers

BEDSaHEAD

At BEDSaHEAD, we proudly collaborate with interior designers, property stylists, architects and developers to deliver beautifully handcrafted, made-to-order bedheads and upholstered furniture for residential and commercial spaces across Australia.

Whether you're styling a single room or specifying for a large-scale development, we offer the flexibility, quality and service to support your project from concept to install.

About BEDSaHEAD

Located in Sydney, BEDSaHEAD is a proudly Australian, family-owned maker of handcrafted, made-to-order beds, bedheads, and bespoke soft furnishings - trusted by interior designers who value quality, customisation, and reliable turnaround. From bed bases, bedheads and valances to ottomans, pelmets, banquettes, and scatter cushions, every piece is created in our Sydney workshop with premium materials and traditional craftsmanship.

Founded in 2011, we've supported designers nationwide in bringing their concepts to life, delivering custom pieces for more than 5,000 homes and boutique projects across Australia. Our point of difference? True, flexible customisation. Specify the design, dimensions, height, fabric, and detailing - and we'll build a piece that fits your vision with precision. You're not limited to the fabrics listed on our website. We partner with leading fabric houses across Australia, so simply choose your dream fabric and we'll bring it to life.

Not quite sure what you want? We've also curated a range of beautifully designed beds and bedheads you can choose from straight away. These pre-designed options make it easy to find a style you'll love, without the overwhelm of endless choices.

Each piece is built by skilled upholsterers using materials selected for longevity, comfort, and performance. We understand the demands of design professionals, and our goal is to make the process seamless, collaborative, and dependable.

At BEDSaHEAD, we create furniture that elevates your projects, reflects your design intent, and is made to last.

Trade Application

We don't sell into retail stores or mass produce. Every piece is made to order in our Sydney workshop, with materials sourced from local suppliers and a lead time that typically sits between 4-6 weeks.

Once your trade application is approved, we'll be in touch to chat through your requirements. From there, we provide a tailored quote based on your specifications, quantity and ordering frequency.

We don't advertise a set trade discount. Instead, we work directly with each client to provide fair pricing that reflects your needs and volume.

To apply for a trade application, please visit our website www.bedsahead.com.au/interior-designers/

Sarah Yarrow - Sarah Yarrow Interiors

How would you describe the experience of working with BedsAhead?

"Working with BEDSaHEAD is very easy. We have a lovely friendship now having worked on a number of projects over the years so we've built up our own 'language' of sorts. Michelle is a great help in terms of fabric selections and I always get her advice on what I've chosen and she's a wonderful resource on guiding me on the fabric being fit for purpose."

"Farid is a craftsman and whilst my designs often push the boundaries and demand perfection, he is meticulous and always amazes me with his talent. I really lean on Farid on the technical side of things to understand how a certain piece will be constructed and what we need to be mindful of with coordinating other trades to ensure a cohesive and seamless result. There are literally hundreds of decisions that go into the imagining and creation of each individual custom piece. Michelle & Farid are a pleasure to work with and always available with smiling faces and answers to my many questions!"

What Our Designer Clients Say

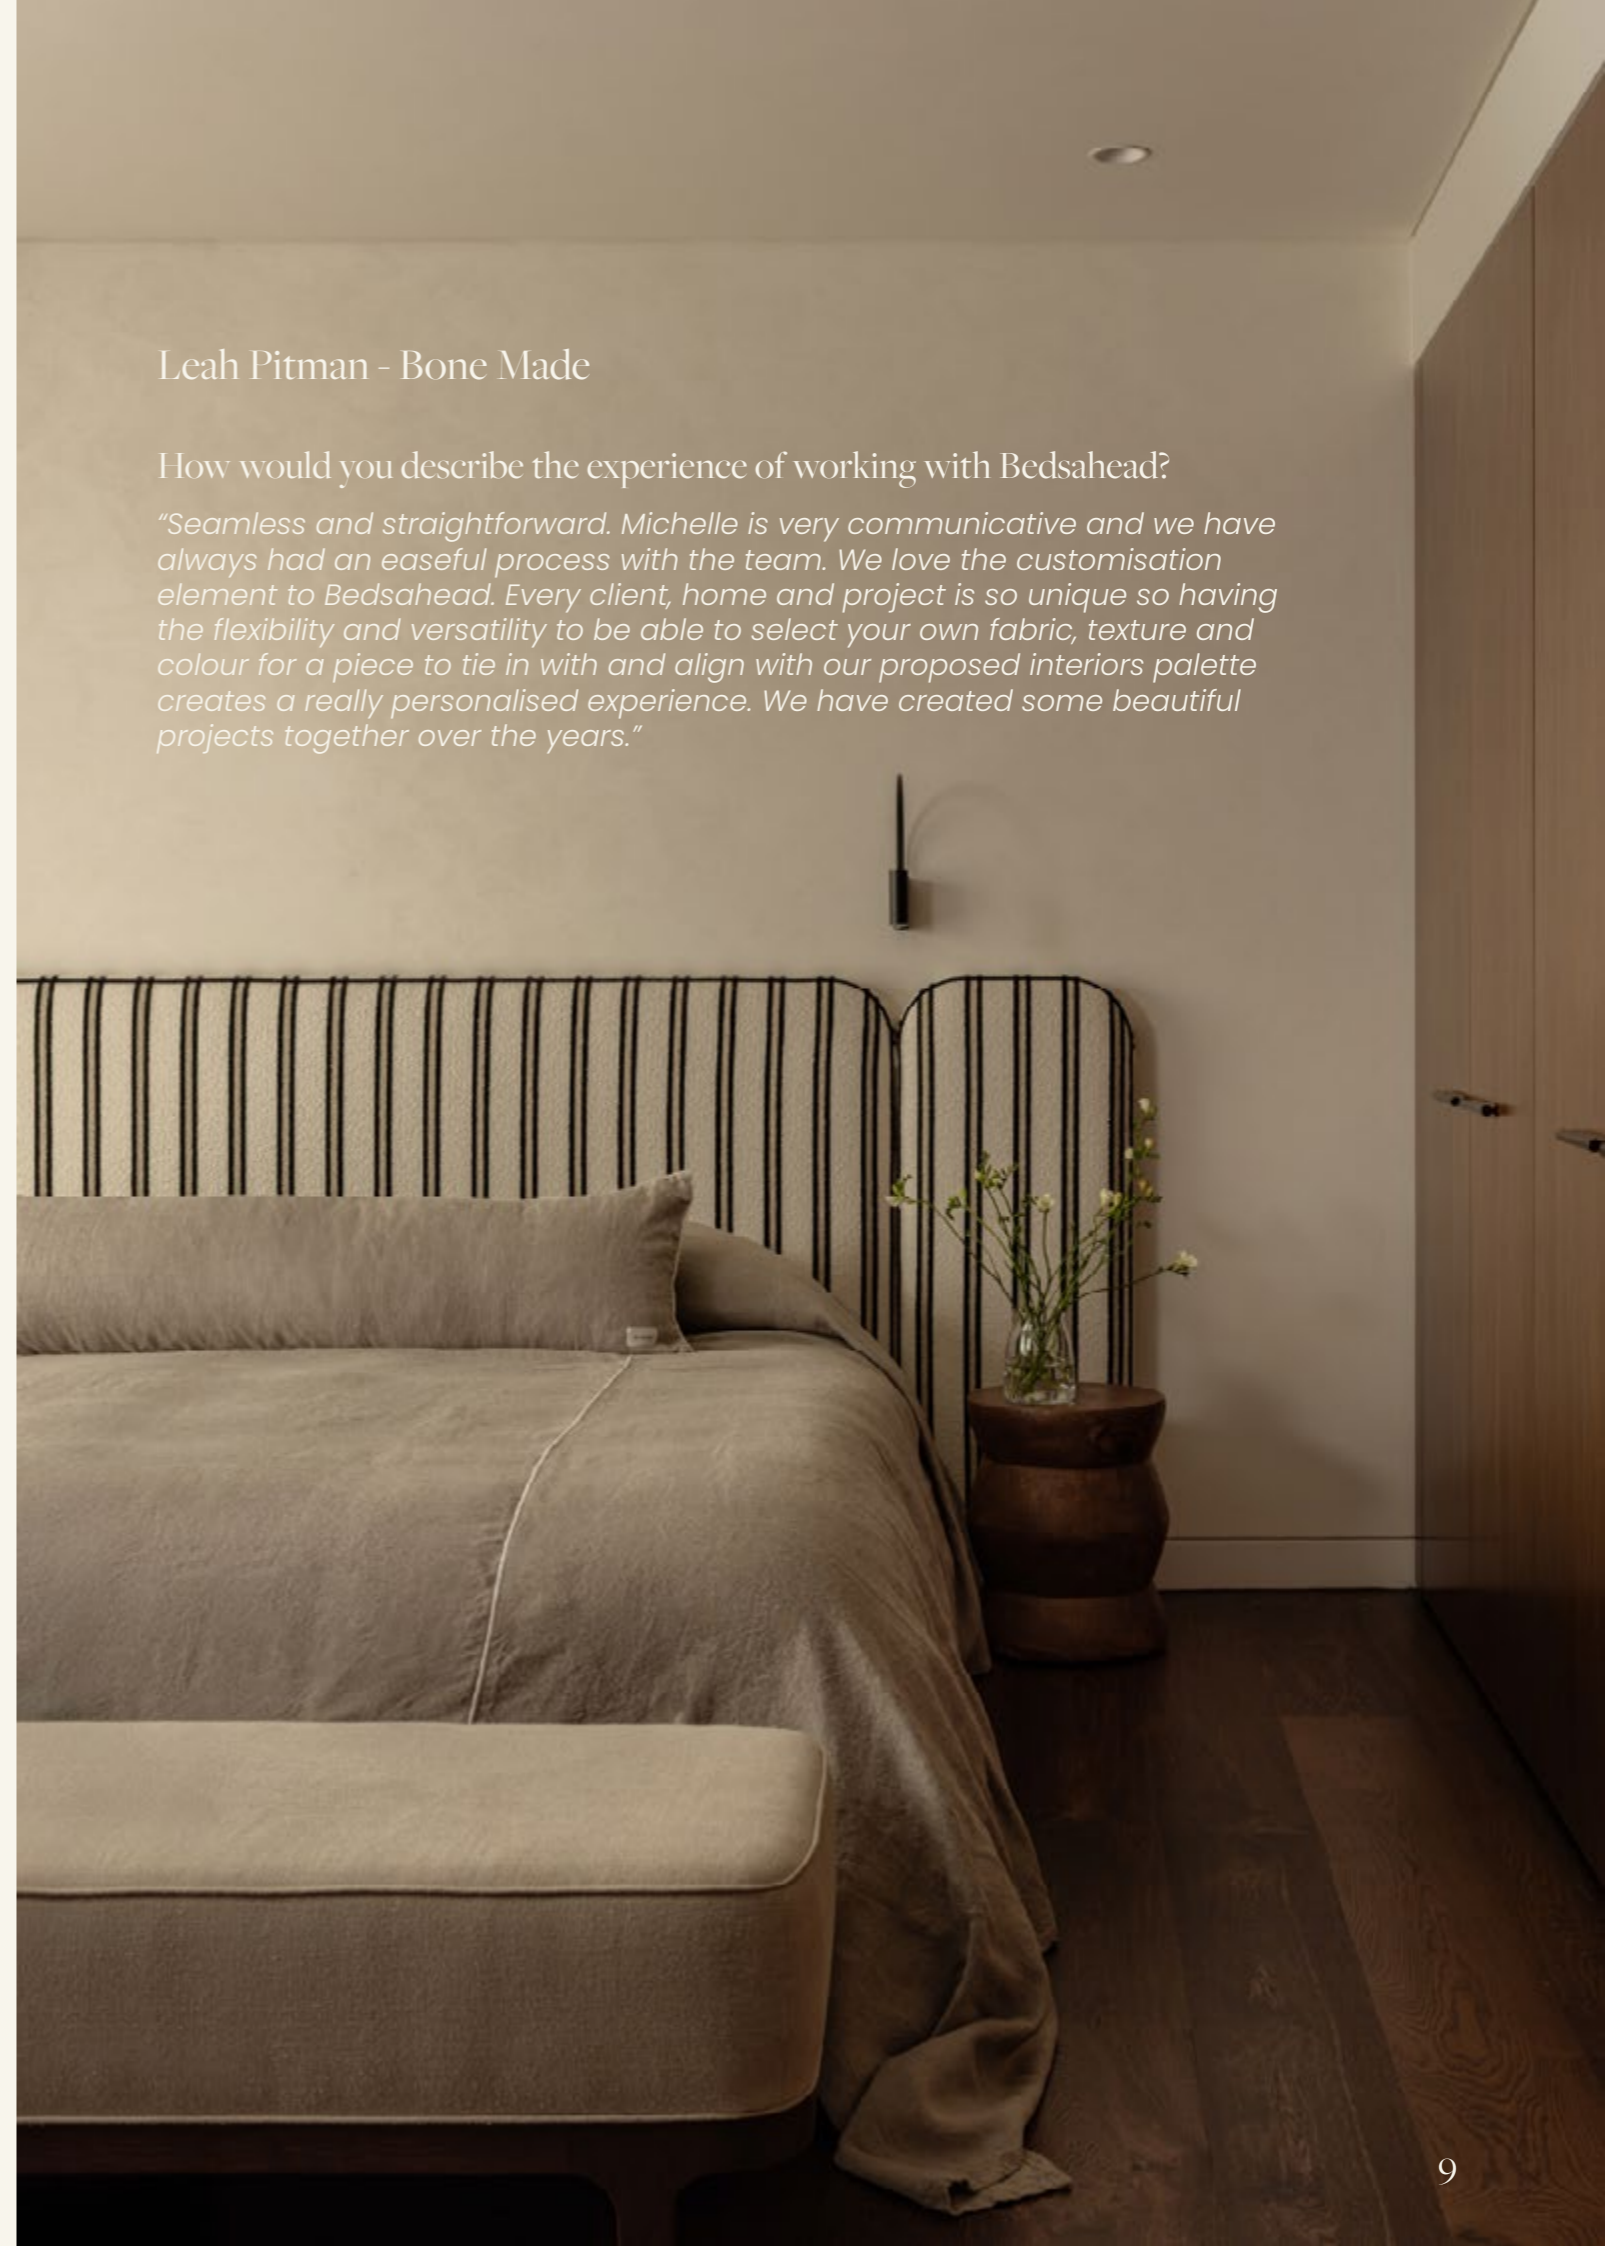

Calla and Lily Design

Leah Pitman - Bone Made

How would you describe the experience of working with Bedsahead?

"Seamless and straightforward. Michelle is very communicative and we have always had an easeful process with the team. We love the customisation element to Bedsahead. Every client, home and project is so unique so having the flexibility and versatility to be able to select your own fabric, texture and colour for a piece to tie in with and align with our proposed interiors palette creates a really personalised experience. We have created some beautiful projects together over the years."
