EZYLOK

## HEAVY DUTY CUPBOARDS

Ezylok Cupboards can be configured in a number of combinations. Standard Factory Cupboards are fitted with four (4) internal shelves. Implement Cupboards are fitted with a centre vertical divider attached to a single shelf. Two (2) internal half shelves are fitted to the centre divider which are fully adjustable at 20mm increments.

## STRENGTH & DURABILITY

Ezylok Cupboards are welded construction designed for strength and durability in the toughest of conditions & are fitted with reinforced doors providing maximised strength against intrusion. Combined with our three (3) point locking system makes Ezylok Cupboards one of the strongest Cupboards on the market.

## LOCKING SYSTEM

Ezylok Cupboards are designed with a three (3) point locking system to provide maximum security at an affordable price.

## SHELVING

Ezylok Cupboards are fitted with heavy duty adjustable shelves capable of supporting an evenly distributed load of 100Kgs U.D.L. per shelf.
