Who We Work With

Occupational therapists and allied health professionals

Practical access solutions designed to support client needs, recommendations and improved independence.

Builders, developers and property managers

Reliable access products and modifications that help create safer, more accessible properties.

NDIS providers and support coordinators

Quality mobility and access solutions that support participants and meet individual accessibility requirements.

Aged care and community service organisations

Safe, practical solutions that promote mobility, independence and confidence in everyday environments.

Commercial and industrial sites (e.g. loading areas and warehouses)

Durable access solutions designed to improve safety and accessibility across workplaces and facilities.

Individuals, carers and families supporting mobility needs

Simple, practical solutions that make homes and everyday v spaces safer and easier to access.

Our Products

Rubber Ramps

Made from 100% recycled rubber, our rubber ramps are non-slip, strong and long-lasting. They are well suited to doorways, entrances, pathways and kerbs, and many are modular and non-permanent, so installation rarely needs major renovation. Suitable for indoor and outdoor.

- Straight rubber ramps
- Rubber ramps with side wings

Custom Rubber Ramps

If a standard size will not work, we manufacture made-to-measure solutions in recycled rubber.

- Custom straight and wing ramps
- Rubber steps/platforms
- Rubber infill

Custom Rubber Ramps are availabe in various color:

Black Brown Cream White Terracotta

Handrails, Banister Rails and Grab Rails

Access modifications that add stability and fall prevention in hallways, stairs, bathrooms and toilets, including banister and handrails, grab rails and drop-down (fold-away) rails.

Handrail Products

Modern Stairs Handrail

Indoor/Outdoor Galvanised Steel Stair Handrail

Powder Coated Stair Handrail

Stainless Steel Stair Handrail

Grab Rails Products

Stainless Steel Anti-Slip Grab Rail

Stainless Steel L-Shaped Grab Rail

Stainless Steel U-Shaped Toilet Grab Rail

Stainless Steel Foldable Grab Rail

Timber Ramps

Every property is different, which is why we offer custom timber ramps, steps and infills designed to suit your space and access requirements.

Built from quality timber and crafted with care, our solutions provide safe, reliable access for homes, businesses, schools, aged care facilities and community spaces.

Aluminium Threshold Ramps

Lightweight yet durable aluminium ramps designed to bridge door thresholds and small level changes, giving wheelchair, walker and scooter users safe, step-free access.

Aluminium Threshold Ramp – Product Specifications

- Available Lengths : 1000 mm, 1500 mm, 2000 mm
- Available Widths : 100 mm, 120 mm, 160 mm, 200 mm
- Available Heights : 12 mm, 15 mm, 20 mm, 25 mm
- Material : **Aluminium**

Aluminium Threshold Strips

Slim aluminium strips that smooth out small level changes and door tracks, ideal where a full ramp is not needed.

Aluminium Threshold Ramp – Product Specifications

- Available Lengths : 1000 mm, 1500 mm, 2000 mm
- Available Widths : 50 mm, 75 mm, 100 mm, 150 mm
- Material : Aluminium

Custom Products

If a standard size will not work, we manufacture made-to-measure solutions in recycled rubber or hardwood timber:

- Custom straight rubber ramps and custom wing rubber ramps
- Custom rubber steps
- Custom rubber infill
- Custom rubber shower base
- Custom timber ramps, steps and infills

How It Works

1. **Enquire:** contact us by phone, our website quote form or WhatsApp.
2. **Assess:** we review the site, measurements and mobility needs and recommend the right solution.
3. **Quote:** you receive a clear, itemised quote.
4. **Manufacture or supply:** standard products ship within 2 business days; custom items are made to measure.
5. **Install (Melbourne) or deliver (Australia-wide):** our team fits your product safely and tidily.
6. **Ongoing support:** servicing and maintenance are available whenever you need them.
