- Measure's average and maximum deceleration
- Measure's stopping distance and test speed
- Evaluates brake performance
- Prints an accurate test report
- Complies with International Standards
- Battery powered

4 Easy Testing Steps with AutoStop® Maxi

STEP 1: Secure the AutoStop® Maxi in the vehicle with its strap or optional floor-mounted magnet in a horizontal position with the lid open and facing forward. Attach the load cell to the brake pedal to test the service brakes.

STEP 2: Turn on the AutoStop® Maxi and enter examiner's ID and the vehicle's registration number. Start the test by accelerating the vehicle to the required speed.

STEP 3: Apply the brakes by pressing your foot on the load cell attached to the brake pedal, until the vehicle is stationary.

STEP 4: After the vehicle has come to a stop, the AutoStop® Maxi evaluates the brake performance, and displays and prints the test results.
