

The Aquafil Solo 700B bottle refill station is a robust, compact unit built to withstand outdoor public environments.

Two anti-bacterial bottle refill nozzles ensure that users have access to safe and accessible drinking water. The reduced 700mm height makes the product ideal for junior school campuses and pre-schools.

Product features

- 700mm height
- Two anti-bacterial bottle refill points
- DDA-compliant wheelchair-accessible design
- Customisable graphic panels with graffiti protection
- Removable panel for easy filter replacement
- Two (2) year warranty on the Product and a further eight (8) year warranty period covering the stainless steel components of the Product
- WaterMark™ certified

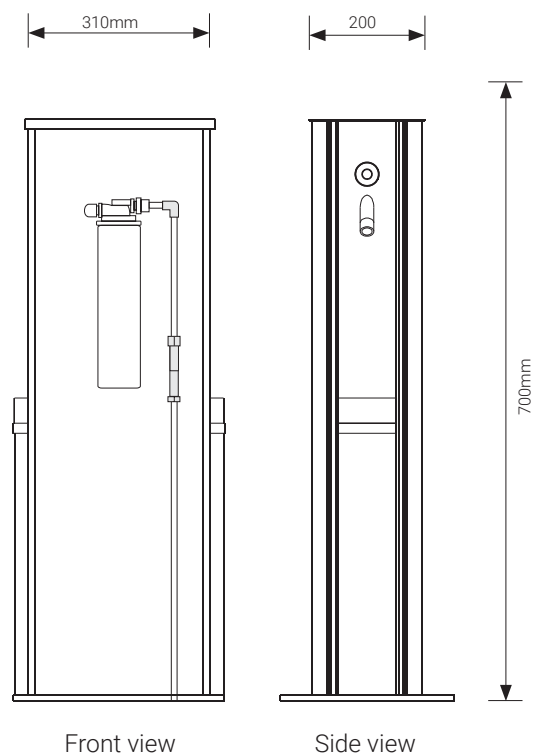

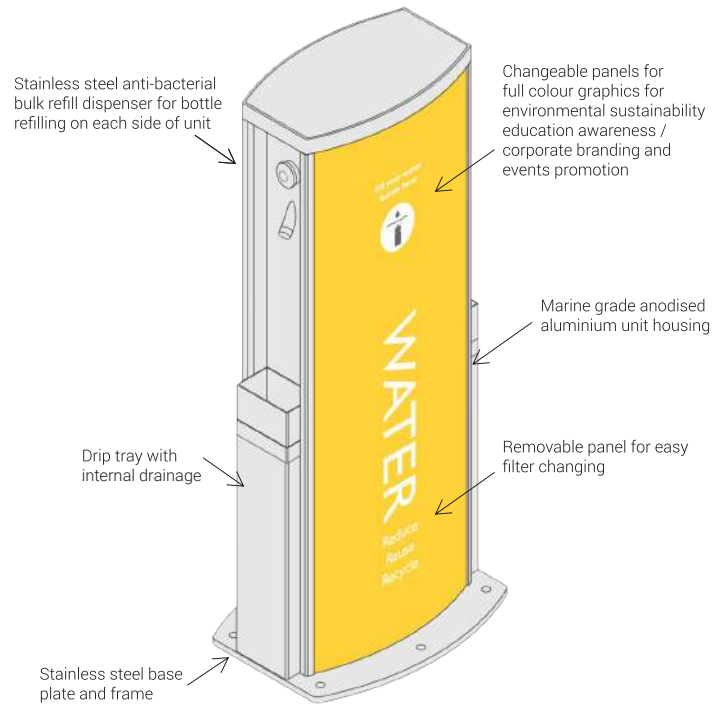

Additional options

- Optional inbuilt water filter
- Optional remote water chiller
- Optional remote chiller with housing for outdoor installations
