Deeply Connective Books for Kids

Hey, storytelling team!

I'm Mana, mum to two, and the creator of Hug and Read.

I left my career in construction to spend more joyful moments with my kids and create books that help **busy parents** bring extra love and connection to their little ones every day, from **pregnancy** through to those special **primary school** nighttime goodbyes.

How does Hug and Read turn storytime into the best part of your day?

From **bump** to **big school**, Hug and Read turns **bedtime** into **bonding**.

Because Hug and Read books are:

- **Short, sweet** stories that hold little attention spans
- Stories that make **bonding** with your child feel natural and easy
- Gentle words that invite **cuddles, kisses, and smiles**
- Simple prompts that help parents **share loving affirmations**
- **Calming** text and **warm illustrations** for a peaceful wind-down
- **One-on-one reading** moments that make children feel super special
- Characters that feel **safe, seen, and deeply loved**
- Joy for both parent and child, not just one or the other
- Light, sturdy, **travel-friendly** books for adventures big and small

Plus:

- Created and printed with love in **Australia**, supporting local families
- 5% of profits go to supporting **Save the Children Australia**.

Do you ever feel this way at storytime?

- **Long stories** that make little ones lose interest
- Pages so **busy** they overwhelm curious eyes
- Stories that just don't spark **joy**
- Feeling **guilty** for not reading "enough"
- Struggling to find books your family **relates** to
- Special moments **lost** in the daily rush
- Characters that **don't reflect** your child's world
- Wanting to share love, but the words fall **flat**

You're definitely not alone, and it doesn't have to be this hard.

Hug and Read turns storytime into the best part of your day!
