

The Classics

The OG

Properly hot.
Seriously tasty.

Our award-winning crispy chilli oil packs a punch and has a delectable crunch that will have you coming back for more.

The Apprentice

To become a master of anything, you must first be a student. And chilli oil is no different.

The Apprentice has all the sublime crunch and flavour of the OG, but with a bit less burn factor.

The Junior

As a mild chilli oil, The Junior is perfect for introducing young taste buds to new flavours and textures.

So now the whole family can enjoy Mrs C's. No kidding.

The Olive Oil Collection

The Aristocrat

Made with 100% olive oil, The Aristocrat was the first in our olive oil collection.

Other than the olive oil, it features the identical recipe to our original chilli oil; The OG.

The Duke

The Duke soon followed.

Also made with 100% olive oil, The Duke follows in the footsteps of The Apprentice Chilli oil.

Chilli Almonds

Almageddon

These bad boys will knock your taste buds into next week – and you'll love it!

These almonds are flavoured with our OG chilli oil, so to say they have 'a bit of a kick' is like saying that Mike Tyson had 'a bit of a punch'.

But it's not all about bringing the heat. Almageddon almonds also have a subtle sweetness that perfectly complements the chilli.

Chilli honey

The Bee Sting

Featuring Mrs C's OG chilli oil and pure Australian honey, it's a glorious juxtaposition of sweetness and heat.

A gentle caress with a fiery kick, if you will.

The Bee's Knees

A flavour sensation.

Combining Mrs C's Apprentice chilli oil and pure Australian honey, the Bee's Knees is a blend of subtle spice and natural sweetness.
