## HOW DOES THE BUILD PROCESS WORK?

# 1

### PLANNING

We spend time with you to get the layout perfect, right from the start. We'll discuss your requirements and how you'll be using the van.

From there we will set out an inclusion list, build schedule and budget.

# 2

### DESIGN & BUILD

Our team of trade qualified draftsmen, builders, boilermakers and finishers will get to work building your dream van.

Practicality, functionality, aesthetics and safety are all top ranking priorities.

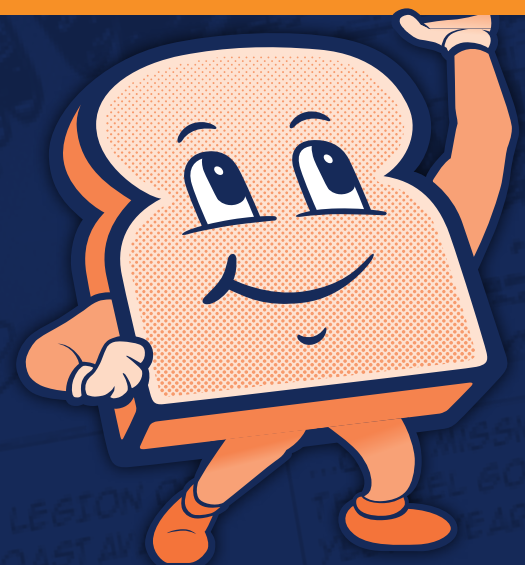

# 3

### FINISH

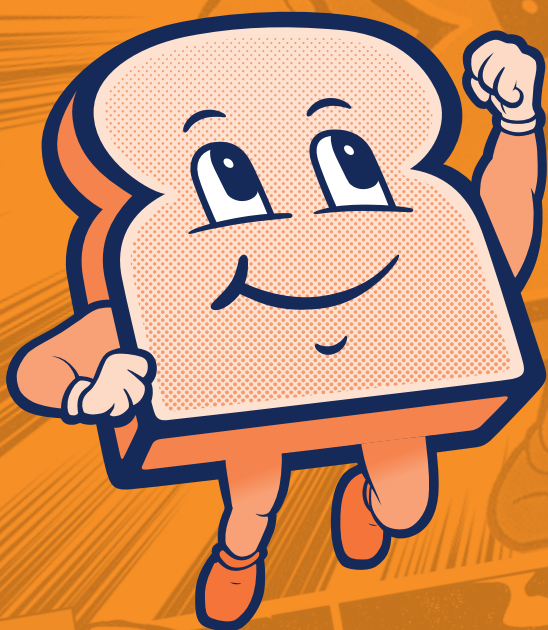

Our standard of finish and design ideas are what sets us apart from the rest.

Delivered as a turnkey package, your food van includes gas and electrical certification as well as shire approval for your chosen area of operation.

When you're ready to collect, we will also run through a full handover demonstration, and explain service and maintenance requirements.

IF YOU HAVE THE **DREAM**  
WE CAN **BUILD IT!**

**Don't just take our word for it -  
check out some of our testimonials:**

"They went above and beyond for our pink food & bar service van. I think they've revolutionised the caravan name and already starting to think of the next project! They really listened to my wild ideas and advised me with their expert knowledge when it was needed. Created in record time. Thank you so much!" ~ **Bola Orundami**

"Excellent service provided. Extremely professional and friendly. I would definitely use RV Solutions again and will recommend them to anybody. Thanks for all the work you did for me." ~ **Brett Friedrichs**

"Extremely professional and excellent service. Kept me up to date with everything happening with the van. 5 stars, will definitely recommend to friends and family." ~ **Michael Heinrich**

"At RV Solutions we found: Friendly staff/  
Professional attitude/ Excellent workmanship.  
10 out of 10 from us." ~ **Shane Walsh**
